HELP YOUR CHILD LEARN AND GROW!

Try these fun and easy activities with your 18-month-old—a great way to have fun together and encourage your child's healthy development.

Pretend play becomes even more fun at this age. Encourage your toddler to have a doll or stuffed toy do what he does—walk, go to bed, dance, eat, and jump. Include the doll in daily activities or games.

Toddlers love movement. Take him to the park to ride on rocking toys, swings, and small slides. You may want to hold your toddler in your lap on the swing and on the slide at first.

Put favorite toys in a laundry basket slightly out of reach of your toddler or in a clear container with a tight lid. Wait for your toddler to request the objects, giving her a reason to communicate. Respond to her requests.

Sing action songs together such as "Ring Around the Rosy," "Itsy-Bitsy Spider," and "This Is the Way We Wash Our Hands." Do actions together. Move with the rhythm. Wait for your toddler to anticipate the action.

Toddlers will begin putting objects together. Simple puzzles (separate pieces) with knobs are great. Putting keys into locks and letters into mailbox slots is fun, too.

Your toddler may become interested in "art activities." Use large nontoxic crayons and a large pad of paper. Felt-tip markers are more exciting with their bright colors. Let your toddler scribble his own picture as you make one.

Play the "What's that?" game by pointing to clothing, toys, body parts, objects, or pictures and asking your toddler to name them. If your toddler doesn't respond, name it for him and encourage imitation of the words.

Fill a plastic tub with cornmeal or oatmeal. Put in kitchen spoons, strainers, measuring cups, funnels, or plastic containers. Toddlers can fill, dump, pour, and learn about textures and use of objects as tools. Tasting won't be harmful.
